Description

"MANN" semi-automatic pistol, classified as Category D under the Internal Security Code, .25 ACP caliber. One of the smallest pocket pistols produced by Fritz Mann, chambered in .25 ACP from 1920 to 1924. Delayed recoil action using a grooved chamber. Hard rubber grips marked "Mann". Grooved front sight on top. See photo. The barrel is removed by slightly pulling back the slide and turning the knurled end of the barrel a quarter turn to pull it forward. Mechanism in working order. Safety lever reduced but functional. Magazine baseplate tab missing. Steel construction with pitting under the bluing. Length: 10 cm, Height: 7 cm, Barrel length: 4.2 cm, Width: 2 cm, Magazine capacity: 5 rounds, Weight: 240 grams. Asking price Condition of the pistol. This firearm is classified as category
