Description

This small polychrome wooden appliqué sculpture of St. Peter is a 17th-century French work. In a powerful gesture of clasped hands, he holds the keys that symbolize his authority over the gates of heaven and earth. His pensive, beard-framed face expresses serenity through his large, almond-shaped eyes. He is dressed in traditional clothing, with folds and a collar typical of the period. In good condition with some minor losses of material. Dimensions without base: H 28 cm / W 8.5 cm. With base: H 31 cm / W 9 cm / D 6 cm.
