Description

Table lamp attributed to Gaetano Scolari, 1970s. Set on a round marble base, it features a round chromed metal plinth supporting six vertical tubes of varying heights, each fitted with a new silver-capped LED (included). The chrome base has a minor oxidation flaw (visible in the photo) but remains very presentable and does not detract from the overall aesthetic of the lamp. The electrical system has been completely refurbished in our workshops; new wires, switch, and plug; original E14 sockets in good condition.

Dimensions: Diameter 29.5 cm,
Height 25 cm. Ref. 1006
