Description

Small Lalique Crystal Cake Stand - 20th Century

Splendid crystal cake stand signed Lalique France under the base, finely crafted and featuring a transparent upper bowl with an elegant concentric wave decoration. The frosted crystal base is embellished with four sparrows - an iconic Lalique motif - rendered with extraordinary softness and meticulous attention to detail. The contrast between the brilliant transparency of the bowl and the satin finish of the animal figures creates a highly refined luminous effect, typical of Lalique production from this period.

A decorative piece with a strong presence, ideal as a collector's item. Features:

* Manufacturer: Lalique

* Material: Clear crystal and frosted crystal
