

Empire Tabletop Fountain

275 EUR

Period : 19th century

Condition : Bon état

Material : Copper

Description

Beautiful red and yellow copper hot water tank from the Empire period. Complete with all its original parts: lid, ember drawer, grated feet, blackened wooden balls, tap, and lion's head finials with loops. It is rare to find such everyday objects in such pristine condition, as their near-daily use makes them prone to accidents and damage. This one is highly decorative and would be a delightful addition to a period setting.

Dimensions: 34 cm x 14 cm.
