Description

Belgium / 1920 / side table / oak / Art DecoA refined example of Belgian Art Deco design, this 1920s oak side table combines architectural lines with warm craftsmanship. Its beautifully patterned top, composed of meticulously arranged oak veneer in a geometric radial design, immediately draws the eye and showcases the material's natural grain in a dynamic, symmetrical layout. The table's sculptural base features four elegantly curved supports that rise from a cross-shaped foot, converging around a small circular lower shelf. This interplay of curves and structure reflects the Art Deco movement's balance of ornament and modernity, while the solid oak construction adds a sense of durability and timeless appeal. Perfect as an accent table, drinks table, or display surface, this piece brings
