

Dutch Bronze Chandelier, Early 19th Century

600 EUR

Signature : Hollandais

Period : 19th century

Condition : Bon état

Material : Bronze

Diameter : 55cm

Height : 43 cm

Description

Small, solid bronze chandelier in the Dutch style with five lights and keyed fittings, early 19th century. The fact that each branch detaches from the central stem allowed each family member to take a branch with a candle to bed. External electrification; only the bobèches and sockets are pre-cut for the electrical wire. The chandelier is quite heavy, almost 10 kg.
