Description

Important Baccarat crystal vase, baluster-shaped, resting on a pedestal. This magnificent vase is entirely hand-cut and chiseled, attributed to the Baccarat company, and unsigned due to its antique manufacture. Our vase is in very good condition; only a few very discreet minor scratches from use are visible under the pedestal, which is perfectly normal given its age and use, and has no impact on its appearance. A magnificent decorative object. Dimensions: height 40 cm. Shipping and handling: EUR30 within mainland France; please contact us for other destinations.
