

Terracotta Vase - Peru, Inca Culture

350 EUR

Period : Before 16th century

Condition : Bon état

Material : Terracotta

Height : 23 cm

Description

Peru, Inca culture, 1400-1500 AD, orange-brown terracotta with traces of black ornamental paint. Bottle-shaped vase with a stirrup handle and a long tubular neck carved with a small monkey in relief, an animal form very representative of the Chimu-Lambayeque culture. Small chip on the rim of the neck.
