Beautiful And Rare 1900/1920 Bowl. Tinted Concrete? And Enamel?

1 900 EUR

Period : 20th century

Condition : Bon état

Material : Other

Length : 34,5 cm

Description

I know very little about this bowl... the body is molded and appears to be made of tinted concrete. The two enameled plaques are of very high quality. The object is very heavy. I don't know its exact provenance. There is no signature or mark; it is in good condition, with some minor wear.
