### Description

Complete wall mural composed of original tiles by Roger Capron, created in the 1970s. The set forms a geometric and architectural composition typical of his work, with illustrated pieces integrated among solid, deep brown tiles. The tiles are ready to be installed. The back still shows traces of adhesive from a previous installation, which will not affect reinstallation. The glazed surfaces are in good overall condition, with the natural patina associated with their age. This set allows for the creation of a complete mural, suitable for an interior wall, a decorative panel, or an architectural project. The "Roger Capron - Made in France" marking is visible on the back of the illustrated pieces. Approximate dimensions: W 140 x H 60 cm
