Egon Hillebrand - Circular Illuminated Mirror

650 EUR

Signature : Egon Hillebrand

Period : 20th century

Condition : Très bon état

Material : Glass

Description

Another large, circular illuminated mirror from the 1960s-70s. The frame is made of slightly translucent, gold-toned molded resin, lit by five LED bulbs positioned behind the mirror. The mirror is easily removed by unscrewing it and detaching it from the metal base where the bulbs are located. The wiring has been redone. It's a superb mirror with a striking presence, as decorative when switched off as when switched on. Dimensions: 55 cm in diameter. The mirror is in very good vintage condition and comes with a floor lamp cable with a foot switch.
