Large Candle Holder - Wrought Iron - France - Late 19th / Early 20th Century

690 EUR

Period : 19th century

Condition : Très bon état

Material : Wrought iron

Height : 173

Description

Important wrought iron floor candlestick. This piece features a beautiful twisted central stem, characteristic of traditional ironwork. The upper section comprises five elegantly curved arms, each fitted with a candle holder. The base is formed of wide, hand-forged scrolls, ensuring stability and balance while adding a refined decorative touch. The entire piece benefits from a dark and even patina that highlights the quality of the iron and the blacksmith's skill. France, circa 1900
