### Description

Art Deco period bird lamp. The painted tulip shade invites you to discover a bird perched on a branch. This cherry blossom branch faces the bird in its natural setting. The background is a deep blue-green. The delicate tulip shade perfectly complements the wavy metal shade. The base features a Cham base, a curved foot, and a chiseled vine leaf decoration. The light, like the harmony, creates a unique piece. Screw-in bulb and wiring recently checked. Delivery possible but not included in the price.
