

Fetish Horn, Voodoo Cult, Fon People, Benin

800 EUR

Period : 20th century

Condition : Etat d'usage

Length : 35 cm

Height : 23 cm

Description

Beautiful fetish associated with the "Tron" cult. It consists of a horn surmounted by a wooden statue in front of which is fixed a small pottery vessel and ritual iron objects. The whole is bound with string and covered with a crusty patina. The shape of the horn lends an airy dynamism to this composition, giving it a beautiful and harmonious presence. Materials: Horn, iron, terracotta, wood, string, and sacrificial agglomerate. Dimensions: 35 x 23 cm. Fon people, Voodoo cult, Benin. Mid-20th century. Provenance: Galerie l'atelier, Toulouse
