### Description

A decorative pair of mid-19th-century Old Paris cache-pots with vivid turquoise grounds and gilt bronze mounts. Compact and versatile, they sit well on mantelpieces or bookshelves and add an immediate lift of colour. The hand-painted florals and small bees reflect Paris studio decoration of the 1840s. The gilt bronze retains its original ring handles, wide rims and tripod paw-and-ball feet--details prized by interior designers for their sculptural contrast.
