Description

Vinegar Pot Convoy. Contrast by García Calvo, Valladolid, 1900 (and since). With hallmarks. Glass and silver. Silver convoy consisting of a base on large beads and a central axis ending in a ring and another ball. The simplicity of the lines brings the work closer to the aesthetic approaches more characteristic of the 20th century, and is extended and highlighted by the two glass bottles, which have supports for the stoppers. The contrast hallmarks on the base place the work in Valladolid; the central one is thought to be that of the silversmith and the one on the left that of García Calvo, who worked in the city at the beginning of the 20th century. Weight: 380 grams. Dimensions: 18 x 7 x 32 cm
