Description

Antique Marble Fireplace - Breccia Violetta Period: 19th Century | Origin: France | Material: Breccia Violetta Marble This elegant 19th-century Louis XVI fireplace is crafted from rare Breccia Violetta marble (also known as Brèche Violetta). The neoclassical symmetry, fluted frieze, and finely sculpted floral motifs testify to the skill of 19th-century French marble artisans. The marble's rich shades of white, gray, and purple lend timeless elegance to any interior. Style: Louis XVI, Neoclassical Period: 19th Century Material: Breccia Violetta Marble (Brèche Violetta) Origin: France Perfect for classic and contemporary interiors Unique and authentic antique piece Professionally restored, installation available upon request Unique piece: each fireplace is hand-selected; no mass

production. Sourcing expertise: direct acquisition in Belgium, France, and Italy; traceability guaranteed when available. Conservation and restoration: respect for originality; Reversible methods where possible. International shipping: secure crating, insured transport, and on-site delivery in the Netherlands and Belgium. Technical advice: guidance on dimensions, support structure, firebox, and flue connection. Project applications (for architects and private clients): This marble fireplace blends seamlessly into both classic and contemporary interiors. Interior designers and discerning clients favor Breche Violetta marble for its warm tone, rich historical character, and striking presence in prestigious spaces. Residential: living room, dining room, master suite, or entryway with a centerpiece. Hospitality: boutique hotels, private clubs, restoration of historic buildings. Combinations: lime plaster, oak, travertine; bronze or cast iron fireback; wood-burning or gas fireplace. Technical aspects, installation, and maintenance: We can manage the entire process: measurements, transport, installation, and finishing, in coordination with your contractor or fireplace manufacturer. For functional fireplaces, we recommend a suitable firebox, a heat-resistant back panel, and a certified flue connection.https://www.de-opkamer.com/fireplaces/antique-fireplace/antique-marble-fireplace-mantels/antique-marble-fireplace-1570
