Description

Vintage platinum (990/1000) Art Deco ring, typical of the late 1920s and early 1930s. Origin: Western Europe, circa 1920-1930. The ring features a central old-cut brilliant-cut diamond of approximately 0.25 ct (SI2 clarity, H color), surrounded by radiant synthetic sapphires that form a harmonious geometric composition. It is also set with 20 single-cut diamonds totaling approximately 0.30 ct (GI color, VS-II clarity). The contrast between the freshness of the garnet and the crystalline purity of the diamond creates a striking play of color, characteristic of the golden age of Art Deco. Total diamond weight: 0.55 ct. Product weight: 3.280 g. Jeweler's size: 12 (52) - please contact us for sizing. Adjustments. Very good condition. A certificate of authenticity is included.
