Description

This remarkable seascape, framed by a richly detailed and intricately worked gold border, delicately evokes the light and movement of the Mediterranean coastline. Waves break on the rocks in the foreground, while on the horizon, hills bathed in a soft, golden light emerge. The palette, dominated by silvery blues and light mauves, conveys the transparency of the air and the subtle reflections on the water. Here, the artist reveals an Impressionist sensibility, skillfully uniting the vigor of the brushstrokes with the poetry of light. Signed E. Izier lower right
