

Set Of 6 Blown Glass Cognac Glasses, Nason Moretti, 1960s

120 EUR

Period : 20th century

Condition : Très bon état

Material : Glass

Diameter : 6 du buvant

Height : 12

Description

Set of iridescent glasses with pearly reflections, evoking the lightness and magic of soap bubbles through a palette of changing colours -- blues, pinks, greens and golds -- that shift depending on the angle of the light.

Very lightweight, made of blown glass, they are most probably attributable to the production of Nason Moretti, the only Murano glassworks to have created iridescent glasses intended for table use.

Very good state of preservation, no defects to report.
