Description

Antique Marble Mantel - Authentic European Chimneypiece
A one-of-a-kind antique chimneypiece with historic character. This antique marble mantel presents elegant proportions, crisp profiles and hand-carved detailing, enriched by a refined, timeworn finish. Its authentic patina speaks to decades of careful use, making it a singular focal point for heritage renovations and high-end contemporary interiors alike. Curated by De Opkamer, this original European chimneypiece has been vetted for authenticity and architectural integrity. Its versatile scale and restrained ornamentation allow seamless integration in living rooms, libraries, boutique hospitality settings and period townhouses. Design notes & materiality The mantel's gently swept lines and moulded shelf create a balanced

We maintain a unique inventory of vetted European pieces, offer sourcing expertise for specific briefs, and coordinate international shipping to the US, UK, Europe and Australia. Curated, one-of-a-kind stock with verified provenance. Conservation, light restoration and sympathetic adjustments available. Technical support for architects & interior designers (CAD sizes, fixing advice). Custom crating and insured logistics worldwide. Definitions for clarity. Antique mantel. A historic fireplace surround (shelf, frieze and jambs) designed to frame a fire opening; commonly marble, limestone or wood. Chimneypiece. Another term for mantel; in British usage it often implies a complete, architecturally expressed surround. Patina. The natural surface character that develops over time, valued for authenticity and depth; not to be confused with damage. Timeworn finish. Gentle wear to edges and planes caused by age and care, preserving historic charm without intentional distressing. Frequently asked questions. Is this antique marble mantel authentic? Yes. Every

mantel we offer is vetted for period authenticity and structural integrity. We document provenance where available and disclose any conservation work. Can you ship to the US, UK, EU and Australia? Absolutely. We arrange custom crating, export paperwork and insured delivery worldwide. We work with white-glove partners for final placement on request. Do you provide installation guidance? Yes. We can supply dimensional drawings, fixing recommendations, clearance guidance and coordinate with your local contractor or fireplace specialist. Can the opening be adjusted? Sympathetic adjustments are possible in many cases (packers, hearth sizing, slips) while preserving the mantel's originality. Ask us for a project-specific assessment.
