

## Lot Of Coffee Grinders, Late 19th, Early 20th Century

180 EUR

Period : 19th century

Condition : Bon état

### Description

Coffee Mills, Late 19th/Early 20th Century. Four mills with straight bodies and chamfered corners decorated with a "half-colonnade." Brass reservoir. Brass or wrought iron crank.

Decorative objects. They are listed in descending order of size from largest to smallest, with No. 1 being the largest. They can be sold individually; shipping for one mill is EUR8 via Mondial Relay.

Number 1 (photos 3 and 4): Front panel and one side panel have been restored; the brass reservoir is torn at the top. Width 18 cm, total height 33 cm. EUR55. Number 2 (photos 5 and 6): Original set except for the drawer knob, which appears new. Crank is bent at the distal end. Width 17 cm, total height 31 cm. EUR65. Number 3 (photos 7, 8, and 9): The oldest. Drawer front veneer replaced, otherwise the rest is original. Reservoir
