

Empire Period Bronze Candlestick With Double Patinas

420 EUR

Signature : inconnu

Period : 19th century

Condition : Bon état

Diameter : 16,5 cm

Height : 43 cm

Description

A beautiful bronze candlestick with a double patina of gold and black. It consists of a tripod base surmounted by three lion's paw feet covered with acanthus leaves, joined at the center by a fluted column topped with a capital adorned with acanthus leaves and finished with an egg-and-dart molding. Empire/Consulate period
