### Description

Magnificent 19th-century oil on canvas, signed J. Desvarreux and dated 1877, presented unframed. This work, typical of the Napoleon III style, depicts a peaceful herd of cows in a clearing, bathed in soft light filtering through the trees. The artist realistically captures the tranquil presence of the animals and the silent atmosphere of a verdant rural landscape. The contrasts between the dense shade of the forest and the illuminated areas create a balanced and profound composition, characteristic of 19th-century naturalist paintings. The details of the vegetation, the texture of the fur, and the treatment of the sky demonstrate true pictorial skill.
