Height : 67

Depth : .

Description

Vintage plant pot made of natural rattan, crafted with curved elements and decorative weaves typical of 1950s Italian production. The conical structure, lightened by sinuous curlicue motifs, gives the piece a harmonious and highly decorative character. The plant pot rests on three hand-tied rattan legs and features a circular internal support surface. Original patina, very good condition, with normal signs of wear consistent with its age.
