Description

Large vintage round wall mirror in bronze-tinted colored glass by Modernindustria - Italy, circa 1970. This superb mirror features a thin gold anodized aluminum frame, adding a chic and luminous touch. The central mirror, 68 cm in diameter, is round with slightly bronze-tinted glass. It is positioned off-center within the frame and connected to the rim by two elegant cream-lacquered wooden "wings" or supports, adding a soft, textured contrast. The support structure and back of the mirror are made of solid wood, ensuring a sturdy and durable piece. Excellent condition, original design. Beautiful and highly decorative.
