

Lidded Chest, Northern Germany, Mid-18th Century

3 800 EUR

Period : 18th century

Condition : Très bon état

Material : Walnut

Width : 109

Height : 75.5

Depth : 59

Description

A Baroque dome-top chest from Northern Germany, dating to the mid-18th century. The chest rests on compressed bun feet and is fitted with a large iron lockplate, decorative escutcheon, and side handles for easy transport. The surface is veneered in walnut and adorned with intricate floral marquetry, enhancing its refined aesthetic. The lid is secured by a sturdy link chain. The primary wood is spruce.
