Material : Paper

Width : 21

Height : 15

Description

French school of the nineteenth century, LW (?)
A Port scene, animation around a sailing
boatPencil on paper Signed LW (?) Bottom right
13 x 20.5 cmFramed : 27 x 34.5 cmThis beautiful
drawing is highly characteristic of the first half of
the nineteenth century. Its subject matter and style
are reminiscent of the paintings and drawings of
Eugène Isabey (1803-1886), whose favourite
subjects were boats and the activities surrounding
them. This drawing is clearly from the same
period as this artist's works. The signature on this
drawing is clear, but I have no idea how to
decipher or identify it. Nevertheless, it is clear
that this is the work of a skilled and accomplished
artist who has captured a scene of everyday life
while evoking the lightness of the masts.
