Description

A very beautiful silver-plated bouillotte lamp signed HM (A. Frenais) - 1877. The base of this lamp, shaped like a cup with a beaded rim, has a very slight deformation on one side. It is surmounted by a central square silver-plated stem. The plate supporting the three candle holders, each fitted with a bulb, and the metal lampshade slide along this stem using wing nuts, allowing the light intensity to be adjusted to create the desired ambiance. The lampshade is painted in Empire green, and the interior is cream. The wiring has been completely renewed. A high-quality lamp, very elegant, with exceptional charm; a beautiful gift idea for the holiday season. Shipping outside France: price upon request.
