### Description

This photo frame is made as a replica of a gilded wooden frame for a masterpiece painting. Thick and wide, with a well-defined profile and decorative effects of alternating molding and guilloché, smooth sections with a gadrooned edge on the outside. This model dates from the mid-19th century and would be perfect for a male portrait. To insert your image, simply pull the backing gently; it then easily slides into the frame, everything fitting perfectly. Dimensions for the photo: 10.7 x 8 cm.
