NOTE: All our watches are checked by our watchmakers and refurbished to give them a second life and the best possible condition. Nevertheless, these watches are pre-owned and may show some scratches/signs of wear. Furthermore, when necessary, the dials are restored by a master craftsman. It is also possible that the dials have been, or are being, replaced in the past with service dials as part of our watch refurbishment process. As our timepieces are pre-owned, no guarantee regarding water resistance can be provided. We are, of course, at your service to provide you with the best possible information about the condition of these watches.

RETURN POLICY: Due to numerous abuses, we specify that returns are accepted within 14 days only, provided that the item is returned in the same condition in which it was sold. The return is invalid and therefore not accepted once the watch has been worn and damaged in any way (impact, broken or lost crystal, missing screws or any other part, damage due to water, rust, etc.). We remind you that you are purchasing a high-end watch, and we thank you for taking the utmost care of it. Dress watches (for example, Cartier watches in vermeil or gold) are precious timepieces and are not designed for sports, swimming, washing, or any other risky activity.
