Description

A Toile de Jouy panel depicting magnificent scenes of life in Asia (probably China). The precision and originality of the motifs make this piece of fabric a museum piece, representative of the quality of fabrics produced at the Oberkampf Manufactory in Jouy-en-Josas at the end of the 18th century (confirmed by the Musée de la Toile de Jouy). The colors in the photos may vary depending on the lighting, but they are blue on a white background, as in the first photo taken outdoors. Dimensions from selvedge to selvedge: 94.5 cm. Print reference: 8285. Shipping within France via Colissimo with insurance: EUR7. Request a quote for international shipping.
