Description

Egyptian torch-bearer on a cast iron pedestal.
Large sculpture in two parts. Made around 1900 by the Val d'Osne Foundries (1835-1931).
Beautiful patina painted on cast iron with antique green tones and some ochre effects; the patina has been reapplied later. There is a small, invisible chip in the circular base of the figure, concealed within the top of the pedestal. A metal rod protruding from the arm holding the torch suggests an old repair hidden by the patina. Some wear to the patina. In good condition. Pedestal dimensions: H95 x W40 x D40 cm; figure: H128 x W50 x D26 cm
