Description

Tablecloth and its 12 damask linen napkins - Monogram H L - 19th century Table set, antique, including a tablecloth and twelve matching napkins, in damask linen of a very beautiful weave quality. The decor, finely woven, presents graceful bouquets of alternating roses and daisies, playing with subtle reflections depending on the light. The tablecloth has two hand-embroidered monograms "H L" at its center, while each of the twelve napkins is also monogrammed "H L". The whole testifies to a beautiful work of a laundress from the end of the 19th century, both by the finesse of damassé and by embroidery. Note: a small discreet repair on a towel, without affecting the beauty of the whole. Period : late 19th century Composition : damask linen Decor : bouquets of roses and daisies Monogram : H L (2
