

Small Directoire Period Chest Of Drawers For Use Between Two Rooms

1 350 EUR

Period : 19th century

Condition : Très bon état

Material : Wood marquetry

Length : 46

Width : 35

Height : 75

Description

A small chest of drawers in native veneer, opening at the front with two drawers, tapered legs with fluting mirroring the uprights, a Directoire period piece from the early 19th century, Italian or Swiss, its marble top replaced, nevertheless a charming model in good condition, with a lovely light patina
