400 EUR

Period : 18th century

Condition : Très bon état

### Description

This is an 18th-century majolica centerpiece bowl. It features snake-shaped handles and spherical feet. The decoration is Raphaelesque and grotesque. The bottom features a blue-background mark with a lily and the letters A.C. under a palm tree. I can't identify the mark, probably Tuscan. Measures: W 23 cm - D 13 cm - H 12 cm.
