Height : plateau:77,5cm // disponible sous tiroir central
:60,5cm

Description

Elegant English desk in natural wood and mahogany, mid-20th century. Resting on two natural wood side cabinets, this desk features three curved drawers veneered in flame mahogany. The top is covered in black leather. The apron and top are mahogany. The desk comes in three parts, very easily assembled/disassembled by interlocking (see last photo), and is in very good condition. There are a few very discreet signs of wear (photos 10 and 11). The central drawer and the two side cabinets each have their own key. A fourth key controls the two side drawers.
