Description

Striking floor lamp attributed to designer Toni Zuccheri, produced in Italy around 1970. The structure consists of three cylindrical chrome-plated metal stems of varying heights, each topped with a Murano glass sphere crafted with a grid pattern, characteristic of Murano production of the period. The high-quality handcrafted glass softly diffuses the light, creating a warm and atmospheric glow with refined reflections. The circular metal base provides stability and balance to the overall composition. A highly decorative piece combining sculptural design and functionality, ideal for modern, vintage, or refined interior settings. Overall very good condition, with minor signs of age consistent with the period.
