

Gilt Bronze Clock

380 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 45 cm

Height : 38 cm

Depth : 17 cm

Description

Large gilt bronze clock, in its original, undiscovered condition: dirty, but the gilding is salvageable. The dial is white enamel (a small hairline crack between 8 and 10 o'clock, as well as from the left winding hole to 7 o'clock). A very small chip on the two winding holes. The minute hand is broken at the tip. The movement needs restoration. No pendulum.
