Description

Set of 3 Coffee Mills, Late 19th/Early 20th Century. The mills have straight bodies with chamfered corners, decorated with a "half-colonnade" (the largest), or straight bodies (the two smaller ones). The reservoirs are made of brass or iron, and the handles are wrought iron. These are decorative objects. They are listed in descending order of size, from largest to smallest, with number 1 being the largest. They can be sold individually; shipping is EUR8 per mill via Mondial Relay. They are in perfect original condition, without any restoration. Number 1: Width 15 cm, total height 24 cm. EUR45. Number 2: Width 15 cm, total height 16.5 cm. EUR40. Number 3: Width 12.5 cm, total height 18.5 cm. EUR30. Please feel free to contact me by email or phone.
