Description

Here is a very pretty Art Nouveau photo frame featuring a fragrant flower. And what better way to represent the Art Nouveau spirit than with a fragrant flower, thanks to its flowing curves and distinctive style that so inspired this movement at the beginning of the last century? Its original glass has a chamfered edge, and there is a very small chip in the lower right corner, which is hidden by the frame's structure, as you can see in the photo. Dimensions for the photo 17 x 11 cm. Shipping within France and internationally, please contact me for details.
