80 EUR

Period : 19th century

Condition : Très bon état

Material : Wrought iron

### Description

Large Roman Balance with Pendulum Counterweight System - TESTUT PARIS - 30 kg Capacity. Rare and very beautiful antique Roman balance with counterweight, featuring a graduated dial in gilded brass (graduated from 0 to 30 kg) and a cast iron pendulum. Large weighing capacity up to 30 kg. This balance dates from the late 19th/early 20th century and is made by Testut PARIS. Very robust construction in brass, steel, and cast iron for weighing heavy loads up to 30 kg. This type of balance was formerly used in markets or in the countryside for weighing sacks of grain, such as wheat. Dimensions: Height: 33 cm Width: 12 cm Weight: 1 kg
