Description

An important gilt bronze nutcracker, finely crafted in the shape of a walnut, composed of two hinged halves. A beautiful object for display, a showcase, or simply a decorative piece. The warm, even patina of the bronze testifies to the piece's age and gives it all its charm. The shaping is meticulous, with a realistic and balanced finish. Specifications: Material: bronze Shape: walnut Period: early 20th century Opening in two fitted halves Condition: good overall condition, working properly. Dimensions: h8 x 13cm
