Description

Eçmé or Cesmé kilim from western Anatolia (Turkey), Aegean coast, wool, cotton warp and weft, circa 1950. Very good condition. The breaks have been restored in our workshop. Great care went into the making of this kilim, revealing great mastery in the design, the choice of colors, and the finesse of the work. Zoomorphic, 'S' motif. The 'S' motif originally represented a two-headed dragon, which could be seen on ancient Persian, Chinese, and Celtic bronzes. Abrache: a term describing a variation of tones within the same color. An interesting size, a piece that is becoming increasingly rare. A solid and durable kilim. Free Chronopost delivery for France and Europe. Feel free to contact us by phone or email.
