

Renaissance Head

6 700 EUR

Signature : Germain Pilon

Period : 16th century

Condition : Très bon état

Material : Stone

Width : 35

Height : 34

Depth : 33

Description

A grotesque head carved in stone, attributed to Germain Pilon, very similar to the sculptures by this artist that can be seen under the Pont Neuf in Paris. The very strong expression is striking; it is presented on a modern iron plaque. The dimensions are without the base, just the stone sculpture.
