Description

An 18th-century oil on canvas, relined in the 19th century, depicting Childhood after the famous painting by Nicolas Lancret, The Four Ages of Life. This high-quality oil on canvas shows children playing with numerous fine details, including a nurse holding a baby in a richly decorated setting of columns with a park in the background. A very attractive composition, beautifully rendered, this quality work is presented in an 18th-century style giltwood frame. A charming subject, a quality canvas.
