Description

Superb monogrammed painting, CM, a still life with game including a marten in ambush.

Original subject! Very high-quality painting! In very good condition! Two small old restorations on the back of the canvas. The plumage of the partridges is superbly rendered by the artist, whose identity remains to be determined.

Probably by a master, given the detail of all these birds. Dimensions: 73 x 54 cm unframed. A visually very attractive hunting scene with this animal in the background, rarely depicted by painters of this period!
