Material : Silver metal

Diameter : 14 centimètres pour la base et 5,5 centimètres pour les bobèches

Height : 28 centimètres

### Description

A pair of candlesticks...In silvered bronze...Cast in two parts for the stems, then soldered and silvered...The candle cups and bases are cast as one piece...With some chasing work added to the bronze on the feet...Dating from the 1760s/70s...In very good condition, with a few minor dents from use...But nothing to worry about...Otherwise, the silvering is original and undamaged! A lovely classic model with drapery...The candle cups are original...FRENCH - BORDEAUX...I have cleaned them as much as possible; they could be cleaned a little more!  
Weight: 1.7 kg
