Description

Pair of Mid-Century-Modern White-Amethyst Colored Murano Glass Floor Lamps 1980s Very elegant Murano glass floor lamps in white and amethyst-colored glass. A generous, flat base with a slender neck and straight shade give the object its shape. The two colors, smooth-amethyst glass and white-ribbed glass with air bubbles in the glass mass, bring the three elements to life. The elongated neck, consisting of seven ribbed white elements, gives the lamps an elegant, timeless look. The shade has a socket with an E27 thread. La base et le pied sont en fer laqué, ce qui confère à l'objet sa stabilité.
